AUTHORS

Adamson GD see **Clapp DN**
Admon D see **Nezhat F**
Anderson JV see **Thorp JA**
Atienza DM, Sacher RA
Transfusion risks in obstetrics. 9-16, Apr 15, oa
Baggish MS, Diamond MP, Nezhat C, Rock RA, Sanfilippo JS
Avoidable and unavoidable complications of laparoscopy. 81-92, Apr 15, sy
Baggish MS, Diamond MP, Nezhat C, Rock JA, Sanfilippo JS
Overcoming complications of laparoscopic surgery. 92-106, Apr, sy
Baggish MS see **Richart RM**
Baggish MS see **Richart RM**
Ballad R
Malpractice: 120-130, Jan; 134-141, Feb; 125-132, Mar; 120-129, Apr; 135-140, May; 96-104, Jun; 126-130, Jul; 125-130, Aug; 130-136, Sep; 99-110, Oct; 126-132, Nov; 99-105, Dec.
Barakat RR, Hoskins WJ
Current management of endometrial cancer. 13-34, Jun, oa
Barbieri RL
Some genetic syndromes associated with hyperandrogenism. 35-48, Feb, oa
Bardes CL
Good reasons for checking cholesterol values. 35-45, Jun, pc
Barnhill DR, Park RC
Latest on stapling. 19-26, Apr 15, oa
Belsey RE, Mulrow CD, Sox HC
How to interpret baffling test results. 57-66, Oct, oa
Belsky DH
Endometrial sampling aid. 12, Sep, et
Branch DW
Thyroid storm. 11-20, Apr, em
Branch DW see **Silver RM**
Brand E
Postop oliguria. 82, Jun, et
Burnhill MS
Adolescent pregnancy rates in the US. 26-30, Feb, oa
Role of poverty. Author's reply. 110, Jun, et
Byron JW see **Park RC**
Cacciabaud JM, Pecker MS
Managing hypertension in postmenopausal women. 43-55, Oct, pc
Carr SR, Petri M, Repke JT, Spector SL
Medical illness, but good pregnancy outcome. 44-51, Jun 15, oa
Carter MD, Hollander MB, Lipshutz LI
Drug clues to male infertility. 30-44, Oct 15, oa
Catanzarite VA, Thomas S, Dixon B
Confronting fetal death. 29-42, Nov, oa
Catanzarite VA, Schneider JM
Timely tips for successful emergency cerclage. 62-83, Apr, oa
Chez RA, Rowlands S
Emergency postcoital contraception. 78-88, Jan, cd

Chez RA, Sibai B
Labelol for intrapartum hypertension. 37-38, Aug, cd
Chez RA, May JL
New episiotomy technique. 69-70, Oct, cd
Chez RA, Kaunitz AM
Reversible contraception with injections. 77-98, Feb, cd
Chez RA, Policar M
Reversible contraception with implants. 77-82, Mar, cd
Chez RA, Lentz S
Topical sucralfate for vaginal ulceration. 57-58, Sep, cd
Choihan HJ, Kocur BA
Bladder care after gyn surgery. 35-46, Jul, oa
Chuong CJ, Pearsall-Otey LR, Rosenfeld BL
Revising treatments for premenstrual syndrome. 66-76, Jan, oa
Clapp DN, Adamson GD, Martin MC, Sharlip ID, Zarutskie P
Treating infertility takes more than technology. 71-78, Oct 15, sy
Clark SL, Kochenour NK
Fetal shoulder injury. Author's reply. 112, Apr, et
Clark SL see **Kochenour NK**
Clark SL see **Silver R**
Clark SL see **Diddy GA**
Clark SL see **Jackson GM**
Colliton WF
Emergency contraception. 106-108, Jun, et
Connell EB
Female condom—a new contraceptive option. 20-27, Oct 15, oa
Creasy RK
Early detection of preterm labor. 64-69, Nov, oa
Creinin MD, Grimes D
Medical options for early abortion. 85-90, Apr, oa
Crosby UD see **Gilstrap LC**
Crum CP see **McLachlin CM**
Damario MA, Rock JA
Evaluating the American Fertility Society's classification for endometriosis. 57-67, Oct 15, oa
Davis MS
Blunt proposal. 30, Feb, et
DeLeon FD, Peters AJ
What's new in adhesion prevention? 15-32, Jan, oa
DeVore GR
Who should perform second-trimester ultrasound screens? 11-14, Oct, et
Devoe LD, Ware DJ
Oligohydramnios: definition and diagnosis. 31-40, Sep, oa
Diamond MP see **Baggish MS**
Diddy GA, Clark SL
Hepatic rupture. 11-17, Jul, em
Diddy GA see **Martin C**
Dixon B see **Catanzarite VA**
Donnelly BW
Breastfeeding: ways to promote this natural resource. 107-136, Nov, oa
Dunafi A see **Quintana B**
Elias S see **Gross SJ**
Escamilla JO
Postpartum hemorrhage. 128, Feb, et
Fanning J, Hilgers RD
Technology to intensify cytotendored of ovarian Ca. 72-82, Oct, oa
Ferenczy A see **Richart RM**
Ferenczy A see **Richart RM**
Fields A, Runowicz CD
Taxol—effectiveness for ovarian cancer. 45-63, Nov, oa
Fu YS see **Ko JH**
Fuentes A see **Gray RH**
Gardner MO, Goldenberg RL
Primary issue is primary care. 11-116, Sep, et
Garite TJ
Amniotomy in labor: routine or reserves for specific indications? 39-58, May, oa
Gelfand MM
Estrogen-androgen HRT. Author's reply. 115-116, Sep, et
Treating menopausal symptoms with estrogen and androgen preparations. 31-36, May, oa

Gerbie M see **Richart RM**
Gerbie M see **Richart RM**
Ghidini A, Romero R
Premature rupture of membranes: when it occurs in second trimester. 66-80, Aug, oa
Ghidini A see **Romero R**
Gilstrap III LC
Fetal asphyxia. Author's reply. 106, Jul, et
Gilstrap LC, Crosby UD
When is fetal asphyxia alarming? 34-40, Apr, oa
Gindoff PR see **Levy MJ**
Gludice LC
Molecular mechanisms of endometrial growth. 85-104, Jul, oa
Goldenberg RL see **Gardner MO**
Goldfarb HA
Removing uterine fibroids laparoscopically. 50-72, Feb, oa
Goldstein M see **Jow WW**
Goldstein SR
New insights into early pregnancy. 42-58, Dec, oa
Goodlin RC
Fetal asphyxia. 106, Jul, et
High C/S rates. 12-115, Sep, et
Gray RH, Fuentes A
Infertility epidemiology: current scene. 70-81, May, oa
Grimes D see **Creinin MD**
Grimes DA see **Sawaya GF**
Gross SJ, Elias S, Simpson JL
Population screening for cystic fibrosis. 9-10, Jun, gp
Haas GG
Promising therapy for infertility—IUI and superovulation. 55-75, Mar, oa
Haimi KA, Mitchell JE, Rigotti NA
Recognizing and treating eating disorders. 28-42, Jun 15, oa
Hensleigh PA
Herpes in pregnancy—it's especially serious for neonates. 25-40, Oct, oa
Herbst AL see **Mittendorf R**
Hilgers RD see **Fanning J**
Hollander MB see **Carter MD**
Holley RL
Oliguria: understanding causes improves care. 41-52, Mar, oa
Postop oliguria. Author's reply. 82, Jun, et
Honig J
Devising clinical guidelines. 139, Nov, et
Fetal shoulder injury. 112, Apr, et
Uterine bleeding. 117-118, Aug, et
Hoskins WJ see **Barakat RR**
Hurst SD, Schlaff WD
Assisted reproduction: What role for ZIFT? 9-19, Oct 15, oa
Iams JD
Delaying labor with tocolysis. 69-75, Nov, oa
Ishida Y
Estrogen-androgen HRT. 115, Sep, et
Jackson GM, Clark SL
Severe acute asthma. 15-23, Oct, em
Jones H see **Richart R**
Jow WW, Goldstein M
No-scalpel vasectomy offers minimal invasiveness. 83-96, May, oa
Kaunitz AM see **Chez RA**
Klein JM see **Mazursky JE**
Ko JH, Fu YS
Flow cytometry in gynecologic cancer: current status. 41-56, Apr 15, oa
Kochenour NK, Clark SL
Shoulder dystocia. 9-12, Jan, em
Kochenour NK see **Clark SL**
Kocur BA see **Choihan HJ**
Lentz S see **Chez RA**
Levy MJ, Gindoff PR
Who benefits most from natural-cycle IVF? 11-23, Feb, oa
Lipshutz LI see **Carter MD**
Look KY
Ovarian tumors of low malignant potential. 55-60, Jun, oa
MacDonald D
Cesarean section rates rise even in Ireland. 23-32, Apr, oa
High C/S rates. Author's reply. 115, Sep, et

Magil B
Fetal surgery: past, present, and future work in this frontier. 59-66, Apr 15, oa
Markman M
Value of intraperitoneal therapy for ovarian ca. 62-64, Jan, oa
Martin C, Diddy GA
Blood component therapy. 11-27, Nov, em
Martin MC see **Clapp DN**
May JL see **Chez RA**
Mazursky JE, Klein JM
Techniques to counter neonatal pulmonary disease. 11-27, Dec, oa
McLachlin CM, Crum CP
Precursors and pathogenesis of vulvar squamous Ca. 11-28, May, oa
Markel DE
Prognostic markers in early breast cancer. 34-51, Jan, oa
Milburn A see **Reiter RC**
Mittendorf R, Herbst AL
Managing the DES-exposed woman: an update. 62-80, Sep, oa
Moore C see **Pollack AE**
Morris RS, Paulson RJ
Ovarian hyperstimulation syndrome: classification and management. 43-54, Sep, oa
Mulrow CD see **Belsey RE**
Mussall NG
Dopo-Provera as Norplant adjunct. 117, Aug, et
Nezhat C see **Baggish MS**
Nezhat C see **Nezhat F**
Nezhat F, Nezhat C, Nezhat C, Admon D
Fresh look at ovarian endometriomas. 81-94, Nov, oa
Niebyl JR see **Silberstein SD**
Noller K see **Richart R**
O'Grady JP see **Veronikis DK**
Park RC, Byron JW
Confronting troublesome gyn surgery trends. 83-97, Sep, oa
Park RC see **Barnhill DR**
Pasquale SA
Helping patients make informed contraceptive decisions. 9-25, Jun 15, oa
Paulson RJ, Sauer MV
Unstimulated IVF—new look at an old idea. 46-55, Oct 15, oa
Paulson RJ see **Morris RS**
Pearsall-Otey LR see **Chuong CJ**
Pecker MS see **Cacciabaud JM**
Perkins RP
Umbilical cord prolapse. 128-130, Feb, et
Perone N
Improved laparoscopic Burch colposuspension. 64-65, Jul, oa
Peters AJ see **DeLeon FD**
Petri M see **Carr SR**
Polan ML
Value of early screening for osteoporosis. 63-67, Jun 15, oa
Policar M see **Chez RA**
Pollack AE, Moore C
New issues in spermicide use. 29-39, Apr 15, oa
Portenoy RK, Waidman SD
Managing cancer pain with drugs. 40-64, Aug, oa
Managing cancer pain nonpharmacologically. 82-87, Oct, oa
Quensen JT
Assuring high-quality care for high-risk pregnancies. 8, Jul, ed
Diagnosis and treatment of Rh-erythroblastosis fetalis. 48-62, Jul, oa
Do your patients understand? 8, Sep, ed
Good summer reading. 8, Aug, ed
Guarding women's complex life contracts. 6, Jun, ed
High-risk protocols for the '90s. 8, Nov, ed
Prime need: primary-care education. 6, Jun, ed
Right word, the right approach. 9, Feb, ed
Someone to lean on. 8, May, ed
Stepping up the battle against LBW. 6, Jan, ed
Take back your role. 8, Dec, ed
Time to be objective. 8-145, Mar, ed
Trade winds of medicine blow both ways. 8, Apr, ed
Women in ob-gyn: a double welcome. 7, Oct, ed

Timely tips for successful emergency cerclage.
63, Apr, oa
Treating infertility takes more than technology.
71-78, Oct 15, sy

CRYPTOPROTECTIVE AGENTS

Assisted reproduction: What role for ZIFT?
16, 18, Oct 15, oa

CYSTIC FIBROSIS

Population screening for cystic fibrosis. 9-10,
Jun, gp

CYTOLGY

Prognostic markers in early breast cancer. 34,
39, Jan, oa
Treating patients who have low-grade Pap
smears. 99-114, Feb, sy

CYTOMEGALOVIRUSES

Blind component therapy. 23, 24, Nov, em
Transfusion risks in obstetrics. 11, Apr 15, oa

CYTOMETRY

Flow cytometry in gynecologic cancer: current
status. 41-56, Apr 15, oa

DANAZOL

Assessing new treatments for dysfunctional
uterine bleeding. 51, 58, Apr, oa
Emergency postcoital contraception. 82, 86,
Jan, cd
Fresh look at ovarian endometriomas. 88, 91,
Feb, cd
Revising treatments for premenstrual syn-
drome. 71, Jan, oa

DELIVERY

Amblyopia. 76, Nov, oa
Anal-sphincter injuries after delivery. 142-144,
Mar, nl
Awards for stillborn. 105, Dec, mu
Balloon tamponade stops hemorrhage. 85,
Dec, nl
Confronting fetal death. 33, 34, Nov, oa
Consent for forceps use. 125-128, Aug, mu
Court reduces award for birth injuries. 129,
Apr, mu
Diagnosis and treatment of Rh-erythroblasto-
sis fetalis. 62, Jul, oa
Fetal shoulder injury. 112, Apr, et
Fetal shoulder injury. Author's reply. 112, Apr,
et
Herpes in pregnancy—it's especially serious
for neonate. 34-40, Oct, oa
Inquire about anal incontinence. 95, Dec, nl
Neurologic damage not acquired in birth
process. 134, Feb, mu
New episiotomy technique. 69-70, Oct, cd
Paralysis attributed to negligence in delivery.
122, Jan, mu
Postpartum hemorrhage. 128, Feb, et
Premature rupture of membranes: when it oc-
curs preterm. 23, 26, Jul, oa
Preventing intraventricular hemorrhage in pre-
mature infants. 106, 107, Mar, oa
Shoulder dystocia. 9-12, Jan, em
Suit ends in a draw. 102, Jun, mu
Transfusion risks in obstetrics. 16, Apr 15, oa

Umbilical cord proapise. 128-130, Feb, et
Vacuum delivery by soft cup extraction. 48-53,
Jun, oa
Venous thromboembolism. 20, Mar, em
What to do—or not do—for postpartum hem-
orrhage. 11-34, Aug, oa
Wrongful death decision reversed. 125-128,
Mar, mu

DELIVERY OF HEALTH CARE

Assuring high-quality care for high-risk preg-
nancies. 8, Jul, ed
Guarding women's complex life contracts. 6,
Jun 15, ed
Hospital accused of maintaining separate ma-
ternity wards. 135-136, Sep, mu
Mandatory public service physicians. 130, Jan,
mu
Primary issue is primary care. 11-12, Sep, et
Right word, right approach. 9, Feb, ed
Time to be objective. 8, Mar, ed
DEOXYRIBONUCLEIC ACID
Flow cytometry in gynecologic cancer: current
status. 41-56, Apr 15, oa
Molecular mechanisms of endometrial growth.
85, 86, Jul, oa
Precursors and pathogenesis of vulvar squa-
mous Ca. 14, 16, 25, May, oa
Prognostic markers in early breast cancer. 34,
39, 51, Jan, oa
Separating sperm to determine sex. 150, Feb,
nl

DEPRESSION

Depression deserves immediate attention.
106, Jan, nl
Exploring effective treatment for chronic pelvic
pain. 95, 99, 103, Mar, oa
Factors related to postpartum depression.
117, Oct, nl
Learning about postpartum depression. 85,
Dec, nl
Looking out for depression. 29-34, Dec, pc
Mood and the perimenopause. 68-75, Jun 15,
oa
Recognizing and treating eating disorders. 34,
Jun 15, oa

DIABETES MELLITUS

Low-dose insulin for diabetes prevention. 104,
Jan, nl
Role of insulin resistance in heart disease. 97-
104, Nov, oa

DIAGNOSIS, LABORATORY

Assessing new treatments for dysfunctional
uterine bleeding. 43, 44, Apr, oa
Diagnosis and treatment of Rh-erythroblasto-
sis fetalis. 48-51, Jul, oa
Flow cytometry in gynecologic cancer: current
status. 41-56, Apr 15, oa
Hepatic rupture. 4, Jul, em
How to interpret baffling test results. 57-66,
Oct, oa
Negligent fetal screening charges dismissed.
126, Nov, mu
Pap misread; statute of limitations expired.
126-130, Jan, mu
Rapid Down's detection. 117-121, Oct, nl
Revising treatments for premenstrual syn-
drome. 67, 68, Jan, oa
Should you treat women who have antiphos-
pholipid syndrome? 63-83, Jun, oa
Treating patients who have low-grade Pap
smears. 99-114, Feb, sy

DIAGNOSTIC TESTS

Confronting fetal death. 29-42, Nov, oa
Forced to repay fraudulent medical claims. 99,
Dec, mu
Herpes in pregnancy—it's especially serious
for neonate. 28-30, Oct, oa
Indications for and problems of loop excision.
100, 102, Sep, sy
Prognostic markers in early breast cancer. 34-
51, Jan, oa
Severe acute asthma. 15-19, Oct, em
Treatment options for HIV pregnancies. 100-
104, May, oa
Value of early screening for osteoporosis. 64-
66, Jun 15, oa
Venous thromboembolism. 11-23, Mar, em

DIET

Good reasons for checking cholesterol values.
36, 41, 45, Jun, pc
Recognizing and treating eating disorders. 29,
30, Jun 15, oa
Revising treatments for premenstrual syn-
drome. 68, 71, Jan, oa

Role of insulin resistance in heart disease.
102, 104, Nov, oa
Some genetic syndromes associated with hy-
perandrogenism. 36, 38, Feb, oa

DIETHYLSTILBESTROL

Drug clues to male infertility. 32, 35, Oct 15,
oa
Managing the DES-exposed woman: an up-
date. 62-80, Sep, oa

DIGOXIN

Thyroid storm. 19, 20, Apr, em

DILATION

Delaying labor with tocolysis. 69, Nov, oa
DILATION AND CURETTAGE
Doctor cleared in wrongful death of nonviable
infant. 120-122, Jan, mu
Preventing postabortal infection. 53, Jun 15,
oa

DIURETICS

Oliguria: understanding causes improves care.
46, 49, Mar, oa

DONORS, SPERM

Doctor used own sperm in artificial insemina-
tion. 98-101, Jun, mu
Treating infertility takes more than technology.
76-78, Oct 15, sy

DOPAMINE

Oliguria: understanding causes improves care.
46, 49, Mar, oa

DOSE-RESPONSE RELATIONSHIP, DRUG

Managing cancer pain with drugs. 49, 57, 59,
Aug, oa
Taxol—effectiveness for ovarian cancer. 52-
56, Nov, oa
Value of intraperitoneal therapy for ovarian Ca.
52, Jan, oa

DOWN SYNDROME

Information before amniocentesis. 120, Jul, nl
Rapid Down's detection. 117-121, Oct, nl

DRUG ABUSE

Managing cancer pain with drugs. 59, Aug,
oa
Physician monitored for drug abuse. 122, Jan,
mu

DRUG EFFECTS

Benedictin cases continue. 102, Oct, mu
Benefits of low-dose aspirin during pregnancy.
34, 36, Mar, oa
Delaying labor with tocolysis. 71, Nov, oa
Drug clues to male infertility. 30-44, Oct 15, oa
Emergency postcoital contraception. 81, 86,
Jan, cd
Managing cancer pain with drugs. 40-64, Aug,
oa
Medical illness, but good pregnancy outcome.
50, 51, Jun 15, oa
Medical options for early abortion. 86, 88,
Apr, oa
Nature of migraine attacks during pregnancy.
60-68, May, oa
Reversible contraception with injections. 77-
96, Feb, cd
Side effects of antibiotic. 100, Oct, mu
Taxol—effectiveness for ovarian cancer. 45-
63, Nov, oa
Treatment options for HIV pregnancies. 109,
111, May, oa
Unstimulated IVF—new look at an old idea.
46-55, Oct 15, oa

DRUG THERAPY

Current management of endometrial cancer.
26, 29, Jun, oa
Drug package induces abortions. 99-100,
Dec, mu
Good reasons for checking cholesterol values.
40, 41, Jun, pc
Looking out for depression. 32, 34, Dec, pc
Managing cancer pain with drugs. 40-64, Aug,
oa
Managing hypertension in postmenopausal
women. 50-55, Oct, pc
Ovarian tumors of low malignant potential. 60,
Jun, oa
Recognizing and treating eating disorders. 40,
42, Jun 15, oa
Reconstruction's place in breast cancer man-
agement. 88, Aug, oa
Role of insulin resistance in heart disease.
103, Nov, oa
Severe acute asthma. 19-23, Oct, em
Shortening the lives of cancer cells. 120, Sep,
nl

LABORATORIES

How to interpret baffling test results. 57-66, Oct, oa

LAPAROSCOPY

Assisted reproduction: What role for ZIFT? 14, 16, Oct 15, oa

Avoidable and unavoidable complications of laparoscopy. 81-92, Apr 15, sy

Confronting troublesome gyn surgery trends. 83-97, Sep, oa

Evaluating the American Fertility Society's classification for endometriosis. 57, Oct 15, oa

Exploring effective treatment for chronic pelvic pain. 84-103, Mar, oa

Fresh look at ovarian endometriomas. 88, Nov, oa

Hepatic rupture. 16, 17, Jul, em

Improved laparoscopic Burch colposuspension. 64-65, Jul, oa

Latest on stapling. 23, Apr 15, oa

Overcoming complications of laparoscopic surgery. 92-106, Apr, sy

Removing uterine fibroids laparoscopically. 50-72, Feb, oa

Treating infertility. 145, Feb, nl

Using the laparoscope for SUI. 35-40, Dec, oa

What's new in adhesion prevention? 30, 32, Jan, oa

LAPAROTOMY

Current management of endometrial cancer. 19, Jun, oa

Guide to hysteroscopic endometriometrial resection. 80, Dec, oa

What to do—or not do—for postpartum hemorrhage. 25, 31, Aug, oa

What's new in adhesion prevention? 16, Jan, oa

LASERS

Assessing new treatments for dysfunctional uterine bleeding. 57, 58, Apr, oa

Avoidable and unavoidable complications of laparoscopy. 84, Apr 15, sy

Overcoming complications of laparoscopic surgery. 102, 203, Apr, sy

Removing uterine fibroids laparoscopically. 51-58, Feb, oa

Technology to intensify cytoreduction of ovarian Ca. 72, 77, 78, Oct, oa

LAWSUITS see MALPRACTICE

LEGISLATION

AIDS patients who knowingly risk disease transmission. 120, Apr, mu

Caps on medical malpractice awards. 132, Mar, mu

Do your patients understand? 8, Sep, ed

Right word, the right approach. 9, Feb, ed

Time to be objective. 8, 145 Mar, ed

Victories for women in Washington and Cairo. 85-94, Dec, nl

LEIOMYOMA

Removing uterine fibroids laparoscopically. 50-72, Feb, oa

LENGTH OF STAY

Assuring high-quality care for high-risk pregnancies. 8, Jul, ed

LEUPROLIDE

Assessing new treatments for dysfunctional uterine bleeding. 51, 58, 60, Apr, oa

Removing uterine fibroids laparoscopically. 62, Feb, oa

LEVONORGESTREL

Reversible contraception with implants. 77-82, Mar, cd

LH

Unstimulated IVF—new look at an old idea. 46, 48, 55, Oct 15, oa

Who benefits most from natural-cycle IVF? 11, 14, 16, Feb, oa

LICENSE

Practicing after license revocation. 126, Jul, mu

Unlicensed practitioner found not negligent. 124-126, Jan, mu

LIDOCAINE

Loop excision bleeding. 139, Nov, et

LIPIDS

Good reasons for checking cholesterol values. 35-45, Jun, pc

LITHIUM

Thyroid storm. 19, Apr, em

LUNG

Fetal surgery: past, present, and future work in this frontier. 60, Apr 15, oa

Premature rupture of membranes: when it occurs preterm. 19, Jul, oa

Premature rupture of membranes: when it occurs in second trimester. 67, 73, 76, 78, Aug, oa

LUNG DISEASES

Techniques to counter neonatal pulmonary disease. 13-19, 24, Dec, oa

LUPUS ERYTHEMATOSIS, SYSTEMIC

Benefits of low-dose aspirin during pregnancy. 30, 33, 36, Mar, oa

Medical illness, but good pregnancy outcome. 50, Jun 15, oa

Should you treat women who have antiphospholipid syndrome? 64-73, Jun, oa

LYME DISEASE

Lyme disease study seeks participants. 119, Sep, nl

LYMPH NODES

Current management of endometrial cancer. 22, Jun, oa

Managing the DES-exposed woman: an update. 64, 66, Sep, oa

Technology to intensify cytoreduction of ovarian Ca. 78, Oct, oa

MACROSOMIA

Medical illness, but good pregnancy outcome. 49, Jun 15, oa

MAGNESIUM SULFATE

Delaying labor with tocolysis. 70, 71, Nov, oa

MAGNETIC RESONANCE IMAGING

Uses of hysteroscopy in infertility. 69, Apr 15, oa

Reliable Sensitivity

FetalPulse Plus™

Fetal Doppler and Heart Rate Display/Speaker

Proven Reliability—Over 23 years of experience and the only fetal doppler with a lifetime parts warranty

Proven Sensitivity—Detects fetal heartbeats earlier (nine weeks) and more often*

Proven Quality—Over 150,000 Medasonics Ultrasonic Stethoscopes in use around the world

The FetalPulse Plus provides automatic heart rate calculation with easy, single button operation. Detects fetal heartbeats as early as nine weeks. Lightweight, inexpensive and will easily fit into your pocket.

*Waterstone, J.J. & Cambell, S. (1993) Sensitivity of pocket Doppler fetal heart detectors in early pregnancy: a comparative study. *British Journal of Obstetrics and Gynaecology*. Feb 93 100, 189-190
